

LED PROJECTION LIGHT INSTALLATION MANUAL

Dimension

Installation instructions

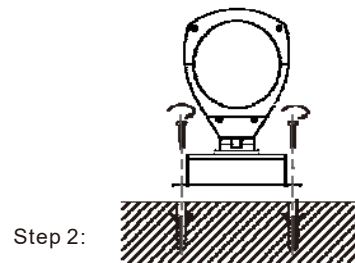

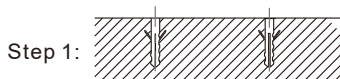

Warning:

- 1: Luminaire cannot be directly installed on the surface of ordinary flammable material in any circumstance.
- 2: please confirm the installation base can withstand the weight as 10 times as product itself before installation.
- 3: If outer flexible cable or cords of luminaire are damaged, only manufacturer, its agent or eligible people can replace them to avoid accident.
- 4: Cut off the power to avoid electric shock.

Statement: The optics radiation of this LED lighting products comply with "exemption level" requirements in IEC62471-2006.

Step 1. Drill expansion bolt according to the size of installation hole of base.
(For wooden and metal structure, just lock directly with bolt.)

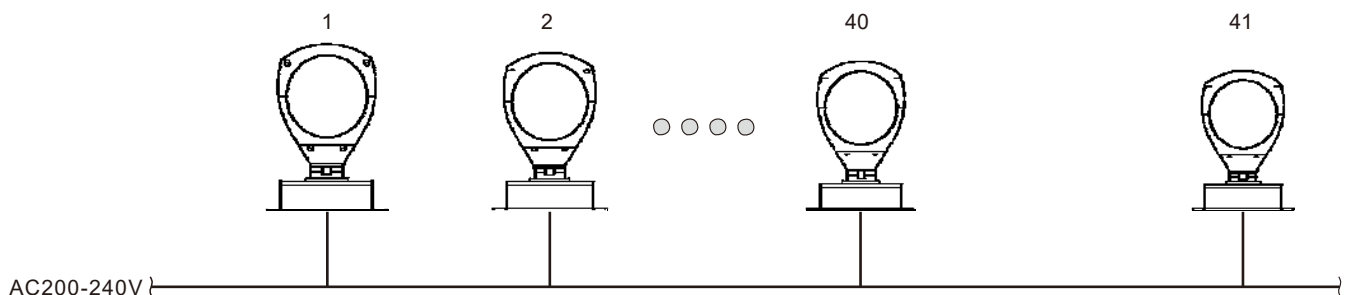

Step 2. Fix lamp with M5 screws.

Technical parameters

Product	Input voltage	Rated power	Ambient temperature	IP Rating
FL1K	AC200-240V 50/60Hz	Reference nameplate	-20°C~+55°C	IP65

Connection method
