

Sphinx Series Projection Light

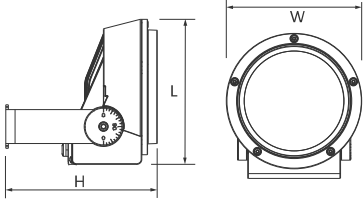

IP 65 Working Temp: -40°C~55°C Working Humidity: ≤95%

Description

Kingsun Sphinx LED projection lighting, inspired from the famous Ancient Egypt Sphinx statue, and integrated with the modern industry design, it's our best design which perfectly combines the art, architecture and lightings.

With the excellent waterproof structure, deep-hidden light source & anti-dazzle design, together with a variety of lampshades to prevent light pollution up to the sky, it is a great choice for landscape and architectural lighting.
